

Portable Digital Theater for STEM Education

## ACCESSIBLE

Flexible • Portable • Easy-to-use  
One person setup • Wheelchair access  
Subtitles on demand

## AFFORDABLE

Best value system on the market  
Rent, rent-to-own, or purchase  
More dome and projection options

## AWESOME

100+ shows from all major producers  
Show fisheye, pre-warped, flatscreen, 3D  
Share the VR® - VR360 on the dome

### NEW GEO-DOME

Our NEW negative-pressure geodesic **Geo-Dome** makes accessibility a breeze. Wheelchairs roll right in. Perfect for semi-permanent indoor planetariums or multi-day events.

- available in 6m and 8m diameters (more sizes on demand)
- outer layer is heavy vinyl for rain and sun resistance,
- inner projection layer is our flame-resistant flocked fabric
- sturdy aluminum or steel frame allows outdoor use even in rain, sun, or modest breezes
- optional 1 or 2 meter entry way for outdoor use

The **Geo-Dome** is available for sale worldwide, and for rental in UK/Europe through our partner Immersive Experiences.

[www.immersive-experiences.co.uk](http://www.immersive-experiences.co.uk)

*Note: this model replaces the Zodiac dome which is no longer being manufactured.*

### EXPLORE ALL OUR SHOWS

Get info on and watch all our available shows on our website:

[www.eplanetarium.com/shows.php](http://www.eplanetarium.com/shows.php)

Many of our shows are available in numerous foreign languages. We have over 20 languages represented so far and are always looking for new vocal translations to offer. Every show and language we offer can be sampled via our language support page:

[www.eplanetarium.com/support\\_languages.php](http://www.eplanetarium.com/support_languages.php)

ePlanetarium is also working hard to add foreign language subtitles to all our shows. Adding new language subtitles is easy, and we can help you. A listing of all available subtitle languages we have so far is on our subtitle support page:

[www.eplanetarium.com/support\\_subtitles.php](http://www.eplanetarium.com/support_subtitles.php)

And see the list prices of the shows in various formats at our online store:

[squareup.com/store/eplanetarium/](http://squareup.com/store/eplanetarium/)

Several of our shows are available to rent on the streaming site [FullDomeOnDemand.com](http://FullDomeOnDemand.com) for only \$30 for 3 days.

If you rent frequently, we will apply YOUR FULL RENTAL FEES towards the price of a full license. Want more of our shows on FoD? Let us know and we'll post them.

View all our shows in all available languages at [youtube.com/user/eplanetarium/](https://youtube.com/user/eplanetarium/)

**ACCESSIBLE, AFFORDABLE and AWESOME** - The best portable planetarium system in the world!

Partner

We are pleased that since many of our products were developed with NASA resources, we are now able to use the NASA Partner logo with the following software and shows:

**SOFTWARE:** MediaShow, Space Update, Space Weather

**SHOWS:** *Apollo & Beyond*, *Dinosaur Prophecy*, *Earth's Wild Ride*, *Force 5*, *Great Planet Adventures*, *Impact!*, *Impact Earth*, *Magnetism*, *We Choose Space*

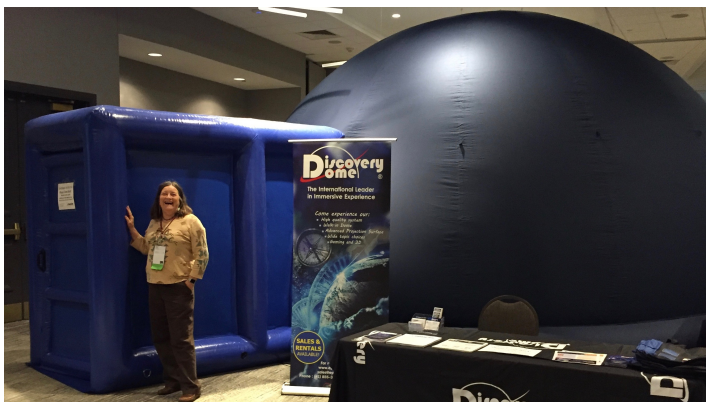

We co-sponsor many outreach events with the Rice University NASA Space Science Education Consortium (NSSEC) Program.

[space.rice.edu/nssec.html](http://space.rice.edu/nssec.html)

## NEW 3-WAY CONVERTIBLE GO-DOME™

Our new Convertible Go-Dome™ can be used three ways:

- No entryway, just a zipper closure (lightest weight).
- Inflatable entryway, just like our normal Go-Domes™.
- Perm-inflate doorway (below) for handicap entry. Doors are removable to allow "leg-out" wheelchairs to enter easily. And you can use the sides to advertise your event.

## SHORT PLANETARIUM SHOWS

**DID YOU KNOW?** Most distributors DO NOT ALLOW you to show only a portion of a show - but we do, and we make it easy. We are now creating short versions of our shows (10-16 min) so you can engage more customers in less time. There are two ways to view a short version:

1. **Use MediaShow to edit your own short version**  
Create a sequence of buttons configured for segments of a show. "Autoplay" these to display your new edit.
2. **Use our new "short versions" of our shows**  
We are creating short show versions with smooth edits and matching subtitles. It's not the full show, but when you need to maximize your outreach, a shorter version can mean hundreds more people a day.

English versions are now available for *Apollo and Beyond*, *Earth's Wild Ride*, *Force Five*, *Impact!*, and *Magnetism*. Contact us for other shows and languages.

## MEDIASHOW

[eplanetarium.com/mediashow](http://eplanetarium.com/mediashow)

New features in **MEDIASHOW 6.7**

- Media and buttonsets are now stored in Users\Public so operator does not have to be an administrator.
- **Subtitles on demand** - great for hearing impaired visitors and language learners can use the English soundtrack and foreign language subtitles.
- **Easy updates** - use the SETUP feature to check for new versions. Upgrading is simple and quick.
- **Online instructional videos** for **installation** and **usage** to help you at any time. And if you get stuck, sign up for one of our **free zoom trainings** for help and live demonstrations.

MEDIASHOW is available for Windows OS (7-10) and Mac OS (10.7-10.14) **NOTE: 10.15 Catalina is NOT supported**
